1 Nature and authority

1.1 Application of this Guideline

1.1.1 Background and summary

This Electricity Distribution Ring-fencing Guideline (**Guideline**) is made under clause 6.17.2 of the National Electricity Rules (**NER**).

Under clause 6.17.1 of the **NER**, this **Guideline** is binding on all **Distribution Network Service Providers (DNSPs)**. For the avoidance of doubt, any references in this **Guideline** to **transmission services** do not bind **Transmission Network Service Providers (TNSPs)** who are not also **DNSPs**.

The objective of this **Guideline** is to:

- promote the National Electricity Objective by providing for the accounting and functional separation of the provision of direct control services by DNSPs from the provision of other services by them, or by their affiliated entities.
- promote competition in the provision of electricity services.

This **Guideline** imposes obligations on **DNSPs** targeted at, among other things:

- cross-subsidisation, with provisions that aim to prevent a **DNSP** from providing other services that could be cross-subsidised by its distribution services; and
- discrimination, with provisions that aim to:
 - prevent a **DNSP** conferring a competitive advantage on its **related electricity service providers** that provide **contestable electricity services**; and
 - ensure a **DNSP** handles **ring-fenced information** appropriately.

1.1.2 Commencement

This **Guideline** commenced on 1 December 2016 and incorporates amendments made from time to time as indicated on page ii.

1.2 Confidentiality

The **AER** will assess confidentiality claims by **DNSPs** arising under this **Guideline** in accordance with the **Distribution Confidentiality Guidelines**, the *Competition and Consumer Act 2010* (Cth) and the National Electricity Law (**NEL**).

1.3 Interpretation

In this **Guideline**, unless the contrary intention appears:

A term in bold type that is expressly defined in clause 1.4 of this **Guideline** has the meaning set out in that clause.

- A term in bold type that is not expressly defined in clause 1.4 of this Guideline has the same meaning it has in the **NEL** or the **NER**.
- The words 'shall' and 'must' indicate mandatory requirements.
- The singular includes the plural, and vice versa.
- A reference to any legislation, legislative instrument or other instrument is a reference to that legislation or instrument as in force from time to time.
- Explanations in this **Guideline** about why certain information is required are provided for guidance only. They do not limit in any way the **AER**'s objectives, functions or powers.

For the purposes of the application of this **Guideline** in the Northern Territory, the reference to 'national electricity system' in section 7 of the **NEL** must be taken to mean a reference to a 'local electricity system' or to all 'local electricity systems', as the case requires.

1.4 Definitions

In this **Guideline**:

[Note: aggregated financial information, or other service performance information, that does not relate to an identifiable customer, or class of customer, is excluded from the definition of **ring-fenced information** by reason of the definition of **electricity information** in this clause 1.4 of this **Guideline**.]

- **service provider**, in relation to a **DNSP**, means a provider of services to the **DNSP**.
- **staff**, of an entity (such as a **DNSP**), includes:

1.5 Process for revisions

The **AER** may amend or replace this **Guideline** from time to time to meet changing needs, in accordance with clause 6.17.2 of the **NER** and the **distribution consultation procedures**.

2 Relationship with other regulatory instruments

This **Guideline** should be read in conjunction with:

- (a) the decision in the **AER's distribution determination** on the classification of the **distribution services** to be provided by a **DNSP** in a **regulatory control period**, in accordance with clauses 6.2 and 6.12.1(1) of the **NER**;
- (b) clause 6.15 of the **NER**, the **Cost Allocation Guidelines** and the **AER-approved Cost Allocation Method (CAM)**;
- (c) clause 6.4.4 of the **NER** and the **Shared Asset Guidelines**; and
- (d) any **regulatory information instrument** served on a **DNSP** by the **AER**, or made by the **AER**, under section 28F of the **NEL**.

Together, these instruments achieve the desired ring-fencing outcomes in the long term interest of consumers.

The **AER's** service classification decisions determine the nature of the economic regulation, if any, applicable to a **DNSP's distribution services**. The classification of a **distribution service** (for example, as a **direct control service** or as a **negotiated distribution service**) affects the application of certain obligations in clauses 3 and 4 of this **Guideline**. For the purposes of this **Guideline**, **distribution services** that are not classified are categorised as **other distribution services**.

The **Cost Allocation Guidelines** and a **DNSP's CAM** relate to the allocation and attribution of its costs between its **distribution services**. They complement the obligations in clause 3.2.2 of this **Guideline**, which relate to the allocation and attribution of a **DNSP's** costs between **distribution services** and **non-distribution services**.

The **Shared Asset Guidelines** enable the adjustment of a **DNSP's** revenues that it can recover from its **standard control services** where the assets used to provide those services were acquired in order to provide **standard control services** but are then subsequently used to also provide **other distribution services** or **other services**. The shared asset mechanism therefore modifies the effect of the **CAM**.

A **regulatory information instrument** can require a **DNSP** to provide information to the **AER** and to have this information certified and audited, subject to the requirements of the **NEL**. This can include information that is subject to ring-fencing obligations under this **Guideline**.

3 Prevention of cross subsidies

3.1 Legal separation

- (a) A **DNSP** must be a **legal entity**.
- (b) Subject to this clause 3.1, a **DNSP** may provide **distribution services** and **transmission services**, but must not provide **other services**.
- (c) This clause 3.1 does not prevent:
- i. an **affiliated entity** of a **DNSP** from providing **other services**;
 - ii. a **DNSP** and a **TNSP** from being the same **legal entity**.
- (d) This clause 3.1 does not prevent a **DNSP**:
- i. granting another **legal entity** the right to use assets of the **DNSP** (other than **new energy storage devices**) in providing **transmission services**, **distribution services** or **other services**, where those assets are also used by the **DNSP** to provide **distribution services** or **other services**, but only where doing so does not materially prejudice the provision of **direct control services** by the **DNSP**;
 - ii. providing corporate services (such as general administration, accounting, payroll, human resources, legal or regulatory, or information technology support services) to a **related electricity service provider** or other **legal entity**;
 - iii. providing **staff**, and / or **offices** to a **related electricity service provider** or other **legal entity** where doing so is not prohibited by clause 4.2 (including by reason of a waiver granted by the **AER** in respect of clause 4.2);
 - iv. providing **electricity information** to another **legal entity** where doing so is not prohibited by clause 4.1(c)iv. or clause 4.3;
 - v. providing assistance to the extent necessary to respond to an event (such as an emergency) that is beyond a **Network Service Provider's** reasonable control;
 - vi. providing any **other services** authorised in accordance with the waiver process set out in clause 5 of this **Guideline**;
 - vii. supplying **other services** as a **SAPS Resource Provider**, provided that the revenue the **DNSP** receives as a **SAPS Resource Provider** in a **regulatory year** does not exceed the **generation revenue cap**;
 - viii. supplying **other services** as a **SAPS Resource Provider**, using a particular **regulated stand-alone power system**, where:
 - a. the **DNSP** was previously permitted to do so under clause 3.1(d)vii. of this **Guideline**; but
 - b. a change in the **DNSP's annual revenue requirement**, and / or in the revenue the **DNSP** receives as a **SAPS Resource Provider** for using one or more **regulated stand-alone power systems**, and / or in the number of **regulated stand-alone power systems** used by the **DNSP** to supply **other services** as a

SAPS Resource Provider, means that the **DNSP** is no longer permitted to do so under clause 3.1(d)vii. of this **Guideline**;

as long as the **DNSP** complies with clause 3.2 in relation to those arrangements.

(e) A **DNSP** can apply for a waiver of the obligations set out in this clause 3.1.

3.2 Establish and maintain accounts

3.2.1 Separate accounts

- (a) A **DNSP** must establish and maintain appropriate internal accounting procedures to ensure that it can demonstrate the extent and nature of transactions between the **DNSP** and its **affiliated entities**.

[Note: The **AER** may include a requirement in a **regulatory information instrument** for a **DNSP** to:

- i. provide its internal accounting procedures to the **AER**; and / or
- ii. report on transactions between the **DNSP** and its **affiliated entities**.]

- (b) A **DNSP** cannot apply for a waiver of the obligations set out in this clause 3.2.1.

3.2.2 Cost allocation and attribution

- (a) A **DNSP** must allocate or attribute costs (including costs allocated or attributed to the **DNSP** by a **parent entity**) to **distribution services** in a manner that is consistent with the **Cost Allocation Principles** and its approved **CAM**, as if the **Cost Allocation Principles** and **CAM** otherwise applied to the allocation and attribution of costs between **distribution services** and **non-distribution services**.

- (b) A **DNSP** must only allocate or attribute costs to **distribution services** in accordance with clause 3.2.2(a), and must not allocate or attribute other costs to the **distribution services** it provides.

- (c) A **DNSP** must establish, maintain and keep records that demonstrate how it meets the obligations in clauses 3.2.2(a) and 3.2.2(b).

[Note: A **regulatory information instrument** may include a requirement that a **DNSP** provide to the **AER** the records established, maintained and kept in accordance with clause 3.2.2(c) and / or that the **DNSP** otherwise demonstrate to the **AER** how the **DNSP** meets the obligations in clauses 3.2.2(a) and (b). It may also further include requirements about the manner and form in which a **DNSP** is to comply with clause 3.2.2(c)].

- (d) A **DNSP** cannot apply for a waiver of the obligations set out in this clause 3.2.2.

4 Functional separation

4.1 Obligation to not discriminate

(a) For the purposes of this clause 4.1:

- i. a **related electricity service provider** includes a customer, or potential customer, of the **related electricity service provider** or of the **DNSP**;
- ii. a competitor (or potential competitor) of a **related electricity service provider** includes a customer, or potential customer, of the competitor (or potential competitor) of the **related electricity service provider**; and
- iii. dealing, or offering to deal, includes dealing or offering to deal in relation to the provision of goods or services, or the grant of rights, by the **DNSP** or to the **DNSP**.

(b) A **DNSP** must not discriminate (either directly or indirectly) between a **related electricity service provider** and a competitor (or potential competitor) of a **related electricity service provider** in connection with the provision of:

- i. **direct control services** by the **DNSP** (whether to itself or to any **other legal entity**); and / or
- ii. **contestable electricity services** by any other **legal entity**.

(c) Without limiting its scope, clause 4.1(b) requires a **DNSP** to:

- i. in dealing or offering to deal with a **related electricity service provider**, treat the **related electricity service provider** as if it were not a **related electricity service provider** (that is, as if it had no connection or affiliation with the **DNSP**);
- ii. in like circumstances, deal or offer to deal with a **related electricity service provider** and a competitor (or potential competitor) of the **related electricity service provider** on substantially the same terms and conditions;
- iii. in like circumstances, provide substantially the same quality, reliability and timeliness of service to a **related electricity service provider** and a competitor (or potential competitor) of the **related electricity service provider**;
- iv. subject to clause 4.3.2(b), not disclose to a **related electricity service provider** information the **DNSP** has obtained through its dealings with a competitor (or potential competitor) of the **related electricity service provider** where the disclosure would, or would be likely to, provide an advantage to the **related electricity service provider**.

(d) A **DNSP** must not discriminate (either directly or indirectly) between any two **legal entities**, in connection with the supply of **contestable electricity services** by those **legal entities**, on the basis of the use by one or both of those **legal entities** of assets owned, operated or otherwise controlled (in whole or in part) by the **DNSP**.

(e) A **DNSP** cannot apply for a waiver of the obligations set out in this clause 4.1.

4.2 Offices, staff, branding and promotions

4.2.1 Physical separation / co-location

- (a) Subject to this clause 4.2.1, in providing **direct control services**, a **DNSP** must use **offices** that are separate from any **offices** from which a **related electricity service provider** provides **contestable electricity services**.
- (b) Clause 4.2.1(a) does not apply in respect of:
- i. **offices** for **staff** who, in the course of their duties:
 - a. do not have access to **electricity information**;
 - b. have access to **electricity information** but do not have, in performing the roles, functions or duties of their **staff position**, any opportunity to use that **electricity information** to engage in conduct that is contrary to the **DNSP**'s obligations under clause 4.1; or
 - c. only have access to **electricity information** to the extent necessary to perform services that are not **electricity services** (such as general administration, accounting, payroll, human resources, legal or regulatory, or information technology support services).
 - ii. providing assistance to the extent necessary to an event (such as an emergency) that is beyond a **Network Service Provider**'s reasonable control;
 - iii. **regional offices**, except to the extent that this exemption has been varied or revoked under clause 5.6; or
 - iv. any arrangements authorised in accordance with the waiver process set out in clause 5 of this **Guideline**.

4.2.2 Staff sharing

- (a) Subject to this clause 4.2.2, a **DNSP** must ensure that its **staff** involved in the provision or marketing of **direct control services** are not also involved in the provision or marketing of **contestable electricity services** by a **related electricity service provider**.
- (b) Clause 4.2.2(a) does not apply in respect of:
- i. a member of **staff** who, in the course of their duties:
 - a. does not have access to **electricity information**;
 - b. has access to **electricity information** but does not have, in performing the roles, functions or duties of their **staff position**, any opportunity to use that **electricity information** to engage in conduct that is contrary to the **DNSP**'s obligations under clause 4.1; or
 - c. only has access to **electricity information** to the extent necessary to perform services that are not **electricity services** (such as general administration, accounting, payroll, human resources, legal or regulatory, or information technology support services);

- ii. providing assistance to the extent necessary to respond to an event (such as an emergency) that is beyond a **Network Service Provider's** reasonable control;
 - iii. **staff** located at a **regional office**, except to the extent that this exemption has been varied or revoked under clause 5.6; or
 - iv. any arrangements authorised in accordance with the waiver process set out in clause 5 of this **Guideline**.
- (c) The remuneration, incentives and other benefits (financial or otherwise) a **DNSP** provides to a member of its **staff** must not give the member of **staff** an incentive to act in manner that is contrary to the **DNSP's** obligations under this **Guideline**.
- (d) Clause 4.2.2(a) does not apply in respect of a member of the **staff** of a **DNSP** where the member of **staff** is an **officer** both of the **DNSP** and of a **related electricity service provider**.

4.2.3 Branding and cross-promotion

(a) A **DNSP**:

- i. must use branding for its **direct control services** that is independent and separate from the branding used by a **related electricity service provider** for **contestable electricity services**, such that a reasonable person would not infer from the respective branding that the **DNSP** and the **related electricity service provider** are related;
- ii. must not advertise or promote its **direct control services** and its **contestable electricity services** that are not **direct control services** together (including by way of cross-advertisement or cross-promotion);
- iii. must not advertise or promote **contestable electricity services** provided by a **related electricity service provider** other than the **DNSP** itself.

(b) Clause 4.2.3(a)i. does not apply to:

- i. a **regional office**, if clause 4.2.1(a) does not apply to that **office** by reason of clause 4.2.1(b)iii.;
- ii. **staff** located at a **regional office**, if clause 4.2.2(a) does not apply to that **office** by reason of clause 4.2.2(b)iii.;
- iii. branding in connection with the use of an asset of the **DNSP** by a part of the **DNSP** that provides **contestable electricity services**, where the asset is also simultaneously used by the **DNSP** to provide **direct control services**, but only where doing so does not materially prejudice the provision of **direct control services** by the **DNSP**; or to
- iv. providing assistance to the extent necessary to respond to an event (such as an emergency) that is beyond a **Network Service Provider's** reasonable control.

4.2.4 Office and staff registers

(a) A **DNSP** must establish, maintain and keep a register that identifies:

- i. the **offices** to which it has not applied clause 4.2.1(a) by reason of clauses 4.2.1(b)i. or 4.2.1(b)iii.;
- ii. the staff positions (including a description of the roles, functions and duties) of those **staff** positions to which it has not applied clause 4.2.2(a) by reason of clauses 4.2.2(b)i.a., 4.2.2(b)i.b., 4.2.2(b)iii. or 4.2.2(d);
- iii. the **staff** positions referred to in clause 4.2.4(a)ii. which are held, or have been held within the previous three months, by a member of **staff** whose access to electricity information ceased upon, or in the 12 months prior to, commencing in that position, and the dates on which that member of **staff** commenced to hold and (if applicable) ceased to hold that position.

(b) No later than 15 January, 15 April, 15 July and 15 October each year, a **DNSP** must publish, on its website, an updated version of each of the registers referred to in clause 4.2.4(a). The **DNSP** must ensure that the information published in each updated version is current to the end of the calendar month that is immediately prior to the required publication date for that updated version under this clause 4.2.4(b).

4.2.5 Waiver

A **DNSP** can apply for a waiver of the obligations set out in this clause 4.2.

4.3 Information access and disclosure

4.3.1 Protection of ring-fenced information

Subject to this clause 4.3, a **DNSP** must:

- (a) keep **ring-fenced information** confidential; and
- (b) only use **ring-fenced information** for the purpose for which it was acquired or generated.

4.3.2 Disclosure of information

A **DNSP** must not disclose **ring-fenced information** to any person, including a **related electricity service provider**, unless:

- (a) the **DNSP** has first obtained the explicit informed consent of the relevant customer, or prospective customer, to whom the **ring-fenced information** relates;
- (b) the disclosure is required by, or for the purpose of complying with any **law**;
- (c) the disclosure is necessary to enable the **DNSP** to provide its **distribution services**, its **transmission services** or its **other services** (including by acquiring services from other **legal entities**);
- (d) the information has been requested by or on behalf of a customer, or potential customer, of another **legal entity**, and the disclosure is necessary to enable the **legal entity** to provide its **transmission services**, **contestable electricity services** or **other services** to the customer or potential customer;

- (e) the disclosure is solely for the purpose of providing assistance to the extent necessary to respond to an event (such as an emergency) that is beyond a **Network Service Provider's** reasonable control;
- (f) the disclosure is solely for the purposes of research by a **legal entity** other than a **related electricity service provider** of the **DNSP**;
- (g) where another **DNSP** is an **affiliated entity** of the **DNSP**, the disclosure is to the part of that other **DNSP** that provides that other **DNSP's direct control services**;
- (h) a **related electricity service provider** of the **DNSP** has requested the disclosure and the **DNSP** complies with clause 4.3.3 in relation to that **ring-fenced information**; or
- (i) another **legal entity**, other than a **related electricity service provider** of the **DNSP**, has requested the disclosure.

4.3.3 Sharing of information

- (a) Subject to clause 4.1(c)iv. and to this clause 4.3.3, where a **DNSP** shares **ring-fenced information** with a **related electricity service provider**, or where **ring-fenced information** that a **DNSP** has disclosed under clause 4.3.2(f) is then disclosed by any person to a **related electricity service provider** of the **DNSP**, the **DNSP** must provide access to that **ring-fenced information** (including the derived information) to other **legal entities** on an equal basis.
- (b) A **DNSP** is only required by clause 4.3.3(a) to provide information to a **legal entity** where:
 - i. the **legal entity** has requested that it be included on the **information register** in respect of information of that kind; and

- (d) Without limiting clause 4.3.3(a), a **DNSP** must establish an information sharing protocol that sets how and when it will make the information referred to in clause 4.3.3(a) available to **legal entities**, and must make that protocol publicly available on its website.
- (e) Where a **DNSP** discloses information referred to in clause 4.3.3(a) to any other **legal entity** under this clause 4.3.3, it must do so on terms and conditions that require the other **legal entity** to comply with clause 4.3.1 and 4.3.2(a) to (d) in relation to that information as if the other **legal entity** was a **DNSP**.

A **DNSP** can apply for a waiver of the obligation set out in clause 4.4.1(a), but cannot apply for a waiver of the obligation set out in clause 4.4.1(b).

- (d) subject to such conditions as the **AER** considers appropriate.

5.3.5 Trivial or vexatious applications

- (a) Subject to this clause 5.5, the **AER** may, in its absolute discretion and at any time, vary or revoke a **DNSP**'s waiver (including varying the terms and / or conditions of a **DNSP**'s waiver), as long as it has given the **DNSP** at least 40 days' notice that it is considering doing so.
- (b) In deciding whether to revoke a waiver or vary of a waiver, the **AER**:
 - i. must have regard to the matters specified in clause 5.3.2(a); and
 - ii. may do the things, or otherwise have regard to the matters, specified in clause 5.3.2(b).

[Note: if the **AER** decides to revoke a waiver or vary a waiver, the **AER** may also decide to grant an interim waiver as a transitional measure].

6 Compliance, reporting, and enforcement

6.1 Maintaining compliance

A **DNSP** must establish and maintain appropriate internal procedures to ensure it complies with its obligations under this **Guideline**. The **AER** may require the **DNSP** to demonstrate the adequacy of these procedures upon reasonable notice. However, any statement made or assurance given by the **AER** concerning the adequacy of the **DNSP's** compliance procedures does not affect the **DNSP's** obligations under this **Guideline**.

6.2 Reporting

6.2.1 Annual compliance report
